issued on the basis of the provisions of the Implementation Rules for BENOR certification
of clay masonry units, TRA BB 201,
to the company

Steenbakkerij Vande Moortel N.V.

Scheldekant 5, BE - 9700 Oudenaarde,

for the production of

Facing bricks

manufactured in the production unit

Steenbakkerij Vande Moortel N.V.

Scheldekant 5, BE - 9700 Oudenaarde,

in accordance with

**the technical prescriptions PTV 23-002
and the standard NBN EN 771-1 : 2011 + A1 : 2015**

By issuing the certificate, BCCA declares that, on the basis of (I) the initial assessment of the product characteristics by means of testing; (II) the initial evaluation and acceptance of the quality assurance in production; (III) the regular external control of the implementation of the quality assurance processes and the control schemes agreed upon; (IV) regular control tests in a recognised external laboratory, sufficient confidence can be given to the measures taken by the certificate holder for guaranteeing conformity with the prescriptions.

The BENOR product catalogue gives the data with regard to the certified product. This document is an annex to the certificate and is authenticated by BCCA.

Following the issuing of this certificate and as long as it is maintained valid, BCCA grants the right to use the BENOR mark to the certificate holder. The proof of delivery of a product under the BENOR mark is given by a suitable identification on the product or, if this isn't possible, on the packaging or at least on the delivery documents. The use of the BENOR mark does not relieve the certificate holder of his responsibilities with regard to the delivered product.

The validity of this certificate can be checked via www.bcca.be.

N° certificate BB-201-679-018-00-P-01 | Valid from 01-04-2022 until 31-03-2025

ir. B. De Blaere,
President of the General management Committee
for approval and certification

The BENOR mark is a registered collective mark, that is the property of the Bureau for Standardisation (NBN). The BENOR certification is a voluntary system that is established on the basis of a consensus between stakeholders and is a response on the request of the user to have sufficient certainty about the aspects with regard to, ex., quality, public security, suitability for use, health and the interests of the end users.
